Norpe Back Bar Refrigeration Range

Suitable for use in bars, restaurants, clubs and pubs for storage and display of chilled bottled beers.

Back Bar refrigeration features include:

- Insulated for optimum performance and efficiency
- Forced air cooling ensures even temperature distribution rapid pull down of product to optimum serving temperature and fast temperature recovery after door openings
- Designed to operate in ambient up to 32°C
- Energy efficient "low E" glass has insulation properties similar to triple glazing
- Cases are fitted with door locks plus two keys as standard for product security (except for the Oslo 3 door model)
- Interior illumination provides excellent product display
- Automatic defrosting
- Fully adjustable shelves
- Cases are fitted with adjustable front feet for easy levelling

NORPE BACK BAR RANGE

- comes complete with a 12 month parts and labour warranty
