

**Product fiche concerning the "COMMISSION DELEGATED REGULATION (EU) No 1060/2010"**

|                                                                                                                                                                            |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Trade mark: Bosch                                                                                                                                                          |
| Model Identifier: KSV36NWE PG                                                                                                                                              |
| Category of the household refrigerating appliance model: refrigerator w/o low-temp.comp (1)                                                                                |
| Energy Efficiency class: A++                                                                                                                                               |
| Energy consumption 112 kWh/annum, based on standard test results for 24 hours. Actual energy consumption will depend on how the appliance is used and where it is located. |
| Storage volume cooling compartment (l) 346                                                                                                                                 |
| Storage volume freezing compartment (l) 0 / No Star                                                                                                                        |
| Frost free: No                                                                                                                                                             |
| Temperature rise time: 0 h                                                                                                                                                 |
| Freezing capacity: 0 kg/24h                                                                                                                                                |
| Climate class: SN-T. This appliance is intended to be used at an ambient temperature between 10°C and 43°C.                                                                |
| Airborne acoustical noise emissions: 39                                                                                                                                    |
