

CT636LES6

Fully automatic bean-to-cup coffee centre stainless steel

Built-in coffee center with Home Connect for perfect coffee indulgence with highest comfort.

- ✓ Different coffees require the espresso shot to be heated at a different temperature to achieve the perfect result. sensoFlow does this automatically, providing delicious beverages again and again.
- ✓ For coffee that is extra-large or extra-strong aromaDouble shot supplies an extra boost when it is needed the most and because the second shot uses a new set of beans, there is no compromise on flavour.
- ✓ coffeeSensor System: The intelligent grinder adapts to each bean variety and always grinds the perfect quantity
- ✓ Home Connect: Access and control your coffee maker, no matter where you are - with the easy-to-use Home Connect App
- ✓ steam blast: A fully-automatic steam cleaning after every beverage takes complete care of the daily cleaning of the milk system

Features

 - Separate container for pre-ground coffee
 -
- Home Connect**
- Discover the new way of controlling home appliances: by app. The Home Connect app allows you to access the appliance from anywhere - at home using WiFi, when away from home using the mobile phone network.
 - Remote start: Select and configure beverages in the app, then remotely start the beverage preparation
 - coffeePlaylist: Enter multiple beverage wishes in the app at once, e.g. for visitors; the appliance will then prepare them one after another
 - coffeeWorld: 17 additional international coffee specialties are available in the app - from Australian Flat White to Vienna Melange to Colombian Cortado
 - Coffee recipes: The app offers a variety of recipes involving coffee, which can be transferred to the appliance or a Home Connect

capable oven - from Espresso Crème brûlée to saddle of venison with coffee crunches

- Coffee know-how: The app includes interesting knowledge around the topic coffee, e.g. bean varieties, harvesting methods or roasting techniques
- User manual: A digital user manual is ready to hand at all times in the app
- Customer service: In case of technical problems, the Siemens customer service is able to access the appliance virtually - if you want so
- Security: Security is of top priority at Home Connect. The Home Connect app has been tested and certified by TÜV IT. And the encrypted data transfer via Home Connect protocol protects against unauthorised access.
