

More help when you cook

Hob2Hood is the wireless connection between your hob and hood, adjusting the extraction fan based on your cooking temperature. Automatic and responsive, this feature ensures you always have extra help in the kitchen.

Product Benefits & Features

Hob2Hood – your friend in the kitchen

Hob2Hood may be your new best friend in the kitchen. Instantly responsive, the hob automatically switches on and regulates your hood's light and fan functions, allowing you to focus on what's important – preparing your food.

Cook quicker, enjoy more

Enjoy tastier meals in less time with the fast-heating hob from Zanussi. Switch it on for instant induction power, heating pots and pans quicker than electric hobs. Whatever you're creating, spend less time cooking and more time sharing food with friends.

See exactly how oven dishes are doing with just a glance!

The large glass windows in this cooker's ovens let you see at a glance whether your dish is as brown and crispy as it should be.

Added capacity for every occasion

For those occasions when you need to cook for visiting family or friends, this larger baking tray matches your larger oven. It's 25% larger than the standard size.
