

The difference between fine and exquisite

Connoisseurs know that the best bottles deserve the best conditions. Which is why AEG has designed the Wine Cellar Range. Select from a range of styles to suit taste and collection size. The cellar maintains the optimum temperature, prevents corks from drying out and develops the complexity of flavour in each bottle.

Product Benefits & Features

Every wine. Illuminated

Specialist glass protects wine from external UV rays while LED lights integrated into the design provide total visibility.

Premium lighting

LED lights integrated into the design provide total visibility.

- Large capacity fresh food storage space
- Visible external digital temperature indicator
- Electronic temperature controls with digital LED display
- CFC & HFC-free and environmentally friendly
- Built in refrigerator
- Drawers : 1, Full width
- Adjustable feet at front for uneven floor conditions
- Reversible door
- Bottle shelf with holder
- Climate class: N
- 45 dB(A) noise level
- Precision cooling system
- Reversible door

Each bottle stored in the optimum position

Adjustable wooden shelves provides the perfect surface for supporting your wines horizontally. This way, the submerged cork forms a seal, preventing air from entering the bottle and causing the wine to oxidize.

Protect your wine from harmful vibrations

This refrigerator limits harmful vibrations from the compressor that can damage your wine, ensuring that your bottles are stored in the very best condition.

Product Specification

PNC	923 421 089
EAN number	7332543537686
Built In Width (mm)	300
Built In Height (mm)	822
Built In Depth (mm)	550
Height (mm)	820
Width (mm)	294
Depth (mm)	571
Voltage	220-240
Net Weight	28.6
Energy Efficiency Class (Regulation (EU) 2017/1369)	G
Average annual energy consumption in kilowatt hour per year (kWh/a) (EU) 2017/1369	137
