

Perfect results. Without the effort

The 8000 AssistedCooking Oven has a recipe collection built in, allowing you to precisely prepare any meal with ease. There is also a probe, which when inserted in food, analyses core temperatures. For consistently reliable results, in every single dish.

Product Benefits & Features

AssistedCooking - get the perfect taste every time

Whether sweet or savoury get the flavour you savour every time with AssistedCooking. A digital cooking assistant where you simply choose the food you are cooking, and it selects the optimal settings, so your dish is perfectly cooked.

Cook to taste, every time

By precisely measuring the core temperature of your food, the Food Sensor lets you know when your rare, medium or well done meat is ready. As well as cooking fish and vegetables just the way you like them.

Intuitive oven cooking. With the EXCite Touch Display

The EXCite Touch Display provides access to a wide variety of oven functions to suit every dish. It also makes it easy to adjust oven temperature and timings. And gives you direct feedback, and highlights the most important information.

A self-cleaning oven

With one touch of the Pyrolytic cleaning function, dirt, grease and food residue in the oven is converted into ash that you can easily wipe off with a damp cloth.

Fast heat-up time, to get you cooking quickly

Superior and quick cooking results - this oven heats up fast, giving you more time to enjoy the meal with your family and friends.
